hope you can get back on the whole sex thing. I want you to have a relationship with someone who makes you feel that way
about sex. Marito: The thing is... I don't believe that women are supposed to feel that way about sex. So then, why would I be
turned on by a woman? I'm more into men, who are like gods, because... you know... they can do anything to me. I don't like
being treated like a whore. And I'm so sick of it. So... I'm leaving. Mario: Wait, Marito, don't leave yet. Why? What's wrong
with this? I'm into women, and not just women... I'm into every sex, I want to make love to you. I love you. You love me?
Yes... Wait. You can't say that, it's... it's not possible. And you can't say that I love you. It's not possible, it's not... it's not true.
No... no... no. No, it's not true. Yes it is. No, it's not, because you said that you love me in the present tense. Mario:
